

BUILT TO LAST, IN AMERICA

WILLOUGHBY UW-1317 SERIES

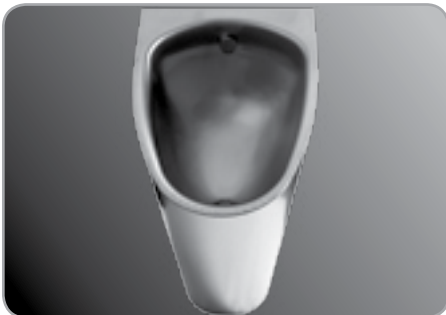

High-Efficiency Urinal

Our most versatile urinal yet! This easy to clean and maintain urinal fits well in commercial or parks & recreation settings, but also meets all the requirements for the security market.

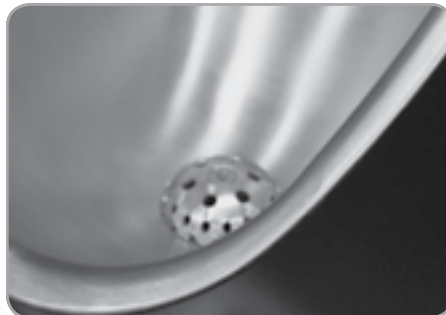

Saves Water

Our high-efficiency urinal is designed to flush with either .125 or .5 gallons of water per flush (GPF) to save water, reduce waste, and save money.

Built to Last

Crafted from heavy 16 gauge, all-welded, type 304 stainless steel with machined stainless flush nozzle, this vandal-resistant urinal is designed to last.

Quality Finishing

Our stainless steel urinal can be powder coated with a gloss white enamel finish for the look of porcelain, but with the durability of stainless steel.
