

SOLID SURFACE LAVATORY SYSTEMS & WASHFOUNTAINS

Willoughby lavatory systems and washfountains are the perfect solution when multiple people need to wash their hands at once, such as in schools, stadiums, racetracks, or other commercial building restrooms. Constructed from AquaSurf® solid surface material, they are stylish and durable, with a full complement of optional faucets and accessories to accommodate your specific needs.

Vandal-resistant fixtures

Antimicrobial properties

Various finish colors

WILLOUGHBY PRODUCTS ARE PROUDLY MADE IN AMERICA

SOLID SURFACE DESIGN

Each fixture is molded and cast as one unit from AquaSurf® solid surface—a non-porous surface resistant to stains, burns, and impact.

STAINLESS STEEL ACCENTS

While the fixtures are solid surface, various parts—such as the drains—are fabricated from stainless steel for added durability.

EXTREMELY FLEXIBLE

With most having the ability to accommodate a deck-mounted faucet² of your choice, these fixtures are perfect for any public restroom.
